I am writing to update you on the investigation that Coiste Faire started two weeks ago concerning "On the Move" and specifically the Hodges brothers.

First and foremost, neither Jamie nor Mitchell Hodges are members of CLRG. Their brother Bobby is listed on the Camp Flyer as a TCRG, but he is not registered with CLRG. That puts severe restrictions on actions that Coiste Faire can take. We can however take steps to ensure that any camps they run or are a part of, are NOT approved by An Coimisiún le Rincí Gaelacha. Furthermore, we are able to flag An Udasas should Jamie or Mitchell Hodges seek certification as TCRG's. Likewise, we can flag An Udasas should Bobby Hodges seek exam application for his ADCRG.

I would advise that you continue to work with your local authorities. If and when they reach an outcome, I ask that you notify Coiste Faire of said determination.

In addition, we have asked our vetting officer Sean Henningan to send a reminder to ALL Teachers world-wide about the need for vetting of all resources in contact with children in a class, as an assistant, at a workshop, etc. Apparently, this was previously sent but he will arrange with the office to send again.

Based on the above information we are formally closing this investigation as of January 29, 2020.
